NASA awards contracts for space transportation effort

NASA on Thursday awarded the first round of Space Launch Initiative (SLI) contracts valued at \$767 million to 22 contractors, including large and small companies. The Marshall Center leads the program for NASA. The money will be used to develop concepts and the technologies needed to pioneer this extraordinary effort, such as crew survival systems, advanced tanks and airframe structures, long-life rocket engines and thermal protection systems. For details, visit the Web at: www.slinews.com
